

ROCKPOINTE MISSIONS

PARTNER PROFILE

Ken & Melanie Driedger

Ken and Melanie Driedger have been members of RockPointe since 1999. Ken (*a licensed worker of CMA Canada*) and Melanie (*a licensed Marriage & Family Therapist*) serve **Missional International Church Network** (MICN, www.micn.org) as the Executive Director and member care facilitator.

Ken lived in a Canadian Aboriginal community as a child and in Africa during his teens, giving his heart and ministry an unshakeable global perspective. He served the C&MA Canada as District Superintendent in Alberta, then as an advisory pastor at The Lighthouse International Church in Kuwait. Melanie now serves with a private counseling practice in Calgary (www.melaniemiedriedger.com). Melanie and Ken have three grown children and five grandchildren who all live in Canada.

Prayer Points

- The **MICN Conference** May 1-4, 2017 in Kuala Lumpur, Malaysia is coming soon. Hosted by St. Andrews International Presbyterian Church, and featuring keynote speakers Bill Hybels, Martin Sanders and Warren Reeve. Why not come this year? Check it out at www.micn.org.
- Please pray that the pastors and International church leaders of God's choosing will be able to attend the conference. The many complications of visas, government regulations and finances make it very difficult for those who need it the most.
- MICN has applied for charitable status with Canada Revenue Agency (CRA). The initial response was many questions. The reply is now before Canada Revenue Agency. Pray for favor with CRA as they review our submission.
- International Churches are in some of the most strategic and desperate places of the world. Pray for courage, wisdom, faith, hope, protection and impact of these churches and leaders.
- Please pray for a team of people who feel called to raise support for this new global cause. Donations for Ken and Melanie's support and ministry expenses can be given through RockPointe or CMA Canada at www.cmacan.org/donate-to-worker.
- Donations to MICN can be given by cheque (payable to: "The Great Commission Foundation", PO Box 14006, Abbotsford, BC V2T 0B4. Please write "MICN 492" in the memo line). You may also donate by credit card at www.tgcfcanada.org, click on Missional International Church Network.

ROCKPOINTE MISSIONS

Missional International Church Network (MICN)

MICN in partnership with C&MA Canada are seeking to engage, encourage and equip the rapidly growing International Church Movement that God is raising up with primary focus in the 10/40 window, the world's largest region of Least Reached People Groups (LRPG's). RockPointe (RPC) desires to collaboratively enhance the missional vision of RPC, C&MA Canada and MICN through a dynamic partnership with Ken and Melanie Driedger.

RockPointe, C&MA Canada and MICN are increasingly convinced with the reality that God is sovereignly and supernaturally extending His Kingdom.

- We see God birthing International Churches in unparalleled numbers, strategically positioned in major cities at the cross roads of the world filled with Least Reached People Groups.
- We are stirred by the unprecedented global scattering of people, including into places often presumed to be impossible to reach for Christ like the 10/40 window.
- We are excited by the potential of International Churches to meet the deep longing of scattered people for a place to belong and to be equipped as sent people on the move for God.
- We are passionate about inspiring, equipping and empowering International Churches and leaders.

We believe that God has called MICN to leverage these realities for missional Kingdom impact. MICN's purpose is to: **Strengthen the International Church Movement for Missional Impact.** God helping us, MICN will prayerfully prioritize our efforts toward:

- 1. Formation:** To challenge and equip international church leaders to effectively engage with God in his global kingdom restoration movement. We will trust God to contribute biblical theological formation to the IC movement.
- 2. Collaboration:** To network, serve and equip international churches to leverage the unprecedented waves of people on the move into the mission of God.
- 3. Innovation:** To research, reflect and design to provide thought leadership for IC's.

Please check out this global movement at www.micn.org.
