## PARTNER PROFILE

### Katie Bowler

When **Katie Bowler**, a newly appointed International Worker to **Senegal** with C&MA, was 19 years old God radically answered her prayers for “something more”. He blessed her by allowing her to encounter the Holy Spirit like she had never encountered Him before and, as she started to learn how to hear God’s voice, her friendship with Jesus grew. During Katie’s Global Ministries apprenticeship in West Africa, she came to a deeper understanding of her own brokenness and the grace of God. In the last few years she has also come to a greater appreciation for the Body of Christ, living together in community.

Katie is not exactly sure when she first felt God’s leading to global missions. However, for as long as she can remember she’s wanted to be a missionary. She feels something well up inside of her whenever thinking of unreached people groups and God’s heart for the nations. Katie’s sense of calling has been strengthened as she has worked these last few years on her Masters of Arts in Intercultural Ministry. She’s looking forward to returning overseas to be a part of what God is doing over there to draw unreached nations to Himself.

Her ministry will focus on prayer and discipleship as she joins a newly formed C&MA team which has a vision to see communities of faith established among the Wolof and Fulani people in **Dakar, Senegal**.

### Prayer Points

- Praise God for the ways He is already at work among the Wolof and Fulani people in Senegal!
- Pray for Katie as she grieves leaving home to make her new home among these people whom God loves.
- Praise God for an amazing 2 1/2 years in Canada studying and growing in God.
- Pray for good connections with churches in Alberta and B.C.
- Praise God for the way he is bringing together an amazing team for Katie to be a part of in Dakar.

# ROCKPOINTE MISSIONS

## Five Regions of Alliance Missions

As a member church of the Christian & Missionary Alliance in Canada (C&MA), we picture our global outreach ministry as taking place in five distinct regions of the world known as the **Five S Regions**.

**Katie Bowler** (see reverse side) will be serving in what is known as the Desert Sand Region. The **Desert Sand Region** stretches across Africa from the arid desert to the tropical forest, from urban settings to nomadic huts, and there are many needs for the truth, hope and peace of Christ. In many areas of this region the Christian message cannot be shared openly; instead, Christ's love is presented through teaching, compassionate aid and promoting justice.

Political and ethnic turmoil, revolutions, disease, famine, persecution and religious oppression are challenges faced in this region. However, the sand is shifting in the desert and new doors are opening. God's Spirit is at work in people's hearts, as many respond and choose to follow Christ across the **Desert Sand Region**.
