

Our Discipling Journey

At RockPointe, we have created a series of life rhythms and experiences that the scriptures connect to following Jesus.

RockPointe's Definition of a Disciple:

"A disciple listens to God, obeys, and influences others to do the same."

Discipling Spaces:

Disciples recognize there are different “spaces” or “environments” where discipling happens. Each have different strengths and weaknesses, but all are critical in the disciples’ life.

COMMUNITY

Larger gatherings, big groups, neighborhood parties. Often more impactful in the OUT.

CONNECTIONS

Mid-size gatherings, parties in a home, social get togethers, small groups. Often more impactful in the IN.

CORE

Discipling triads, closest friends, those I go to when help is needed. Often more impactful in the UP.
